

Capital Improvement Fund Raiser

A Caring Church for Thinking People

The Board of Trustees wants to keep everyone updated on the Capital Improvement Fund Raiser. So far we have brought in \$13,900 in donations and pledges, plus the \$5,000 matching funds from memorials. Our total at this point is \$18,900. We have some money in reserves that we can tap if needed. We would like to replace any money we use from the reserves so we do not drain our resources. **Please, consider making a donation to help with these much needed repairs!**

It is the opinion of the Trustees that these projects need to be done soon. When we feel we have enough money to start a project we are scheduling the needed repairs with contractors. Weather is a factor in making these repairs and we need to get started during the summer. Our first project will be to fix the flat roof over the C.E. wing and the Social Hall. We received estimates and decided on a bid that came in at \$32,940. We have made arrangements for the contractor to start and given him a down payment to purchase materials.

In addition to the list of major repairs, we will be refinishing the floor in the social hall this summer. Peter Paugh, our custodian, has said he will tackle that project and we hope to get it scheduled in July.

Our heartfelt **thanks** to all of you who have made donations or are planning to donate.

Board of Trustees

Please Give!

Needed Repairs or Replacements and the Cost Involved

- **Repair of Fire Door:** (instead of expensive replacement) as required by Fire Marshall—**\$1350.**
- **Boiler Repairs:** to keep the system functional until it can be replaced- **\$1000**
- **Social Hall:** installation of forced air heating and air conditioning as a continuation of updating the entire heating system in phases—**\$24,000**
- **CE wing:** installation of forced air heating only as last phase of heating replacement—**\$50,000**
- **Steeple:** complete restoration of belfry and steeple—**\$96,000**
- **Roof:** Stripping old materials and putting down new on the flat roof of the C.E. Wing and the Social Hall—**\$32,940**
